Report of the Executive Committee.

PHILADELPHIA, Pa., August 13, 1897.

TO THE NATIONAL ASSOCIATION OF AMATEUR OARSMEN.

Gentlemen: The Executive Committee beg to submit the following as their twenty-fifth annual report:

The year now closing has been a prosperous but an uneventful one. Your President, after consulting the different members of the Executive Committee, decided that, there being little or no business to transact, to dispense with the October meeting, particularly as the funds in the Treasury were not very heavy.

The next stated meeting was held at the Hotel Marlborough, New York City, on January 10, 1896, the result having already been published in the handbook issued by our Secretary. At this meeting the question of turning and straightaway races was fully discussed, and will no doubt come up for your decision this evening, and which should be handled with the utmost care. In talking this matter over with many, I find that most of the active men that are now rowing in the various regattas favor the straightaway races, yet many that have passed that period of life, but are still interested in aquatics, are of the opinion that turning races make it much more interesting for the public, to whom we are dependent upon for our membership. With the experience of several years, it has been proven that no more fouls or accidents have occurred since the adoption of the turning races.

The ease of handling contestants is a point not to be overlooked. When oarsmen finish where they start from they can be readily controlled by a regatta committee, and

there is no excuse for the failure of a crew to report at the exact minute named for the race. Another injustice which has been avoided is that of compelling a crew quartered near the finish to row a full mile and a half to the start before the race. Quite a few arguments can be offered in favor of both, but the public, from which so much depends, must not be forgotten; neither must we forget the fact that many sections are rowing all of their sculling races with a turn with entire satisfaction.

The list of entries for the regatta is most encouraging, and proves that whenever it is possible we should select a large city for holding the regatta.

Very respectfully submitted,

GEORGE W. STATZELL,
President.

Judge James G. Tighe, of the Varuna Boat Club of Brooklyn, presented the following motion:

"That the Executive Committee be requested to construe the rules that the races of the Association be one-and-a-half miles straightaway."

On vote, the motion was lost.

The following resolution, covering the mode of electing officers at the annual convention, was unanimously adopted:

"For the election of members of the Executive Committee by mail vote, the Secretary shall provide and forward to each club (members of the Association) an envelope marked 'For Members of Executive Committee.' Said envelope shall contain the mail vote only of the club, and must be returned to the Secretary sealed, and only opened by the tellers appointed for the purpose of canvassing the vote on the night of the election."

There being four vacancies in the Board, caused by the expiration of the terms of the following gentlemen: William C. Jupp of Detroit, C. W. Preisendanz of Philadelphia, Julius D. Mahr of New York, and R. H. Pelton of Brooklyn, the convention went into an election to fill vacancies.

Upon motion, Mr. Thomas F. Heffernan, of the Union Boat Club of New York, and Mr. W. S. Youngman, of the Weld Boat Club of Cambridge, Mass., were appointed tellers.

The term of Mr. Charles W. Preisendanz, of the Fairmount Rowing Club of Philadelphia, having expired, and he being nominated to succeed himself, and Mr. Gordon S. Carrigan, of the West Philadelphia Boat Club of Philadelphia, being also nominated by W. R. Tucker, of the Undine Boat Club of Philadelphia, and seconded by Henry Whiting Garfield of Albany, to fill the vacancy, the motion prevailed that the convention proceed to an election.

The vote of the convention stood 54 votes for Mr. Preisendanz and 30 votes for Mr. Carrigan, whereupon Mr. Preisendanz was declared duly elected and a member of the Board.

The term of William C. Jupp of Detroit having expired, and there being no other nominations to fill that vacancy, the motion prevailed that the Secretary cast the ballot of the convention declaring Mr. Jupp elected to succeed himself.

The term of Julius D. Mahr of New York having expired, and there being no other nominations to fill that va-

cancy, the motion prevailed that the Secretary cast the ballot of the convention declaring Mr. Mahr elected to succeed himself.

The term of Mr. R. H. Pelton of Brooklyn having expired, and there being no other nominations to fill that vacancy, the motion prevailed that the Secretary cast the ballot of the convention declaring Mr. Pelton elected to succeed himself.

It was moved and seconded that a full report of the meetings of the Executive Committee be mailed to each club, members of the Association.

A vote of thanks was extended to the Executive Committee of 1897 for their untiring efforts in caring for and advancing the interests of the Association.

A vote of thanks was extended to the Citizens' Committee, also to Mr. Bartow S. Weeks, as presiding officer of the convention.

On motion duly made and carried, the meeting was adjourned.

FRED R. FORTMEYER,
Secretary.

Regular meeting of the Executive Committee of the National Association of Amateur Oarsmen, held on the morning of the 14th of August, at the Colonnade Hotel, Philadelphia, at 10:30 A. M.

Present—Messrs. Statzell, Catlin, Jupp, Garfield, Preisendanz, Zappone, Stimpson, Doyle, Pilkington, Mahr, Pelton and Fortmeyer.

President Statzell presiding.

On motion, duly made and carried, the Board went into an election of officers for the ensuing year, which resulted as follows:

PRESIDENT:

William C. Jupp of the Detroit Boat Club, Detroit, Mich.

VICE-PRESIDENT:

Walter Stimpson of the Arlington Boat Club, North Cambridge, Mass.

SECRETARY:

Fred R. Fortmeyer of the Passaic Boat Club of Newark, N. J.

TREASURER:

R. H. Pelton of the Seawanhaka Boat Club of Brooklyn.

Mr. George W. Statzell tendered his resignation as a member of the Executive Board, giving as reason therefor that owing to the pressure of personal business he would be unable to devote the necessary time required as a member of the Executive Board.

It was with great reluctance that Mr. Statzell's resignation was accepted.

There being a vacancy caused by this resignation, the Board elected Dr. George F. Root of Philadelphia to fill the unexpired term.

On motion, it was left to the judgment of the President as to whether the October meeting of the Association should be held.

There being no further business before the Board, on motion, duly made and carried, the meeting adjourned.

FRED R. FORTMEYER,
Secretary.

Regular meeting of the Executive Committee of the National Association of Amateur Oarsmen, held at the Colonnade Hotel, Philadelphia, on the 12th day of August, 1897, at 8:30 P. M.

Present—Messrs. Preisendanz, Jupp, Stimpson, Catlin, Mahr, Pilkington, Pelton, Garfield, Zappone and Fortmeyer.

President Statzell presiding.

The minutes of the previous meeting were adopted as read, with the exception of the decision covering the case

of Messrs. Cramer and Mayer, of the Lone Star Club, which should read, "should they follow their present occupation," instead of "should they continue in their present occupation."

The committee on the Griffin case reported that the case should be referred to the Amateur Athletic Union. Accepted.

The application of William Goefert, of the Metropolitan Boat Club, asking for reinstatement to the amateur ranks was withdrawn.

Letters were read by the Secretary from the Vesper Boat Club and the Schuylkill Navy, asking for the reinstatement of Mr. Edward Hedley, Vesper Boat Club.

In order to bring the matter before the convention, Mr. Henry Whiting Garfield moved that Mr. Hedley be restored to the amateur ranks. This motion was seconded by Mr. Catlin, and upon the call of the roll the motion was lost.

Notice given by Mr. Fortmeyer to change regatta rule No. 23, was adopted, to read as follows:

"It shall rest with the Regatta Committee whether more than the winner of a trial heat should row in the final heat, except when in any trial heat of a Regatta a foul occurs, under such conditions and with such results that the laws of boat racing, the exigencies of time and the circumstances of the Regatta do not afford full justice to any contestant, the Umpire may permit such aggrieved competitor to start in a subsequent, or in the final heat, as in the judgment of the Regatta Committee is most convenient.

There being no further business before the Board, the meeting adjourned to meet at the Philadelphia Athletic Club House on the following night at 8:30 P. M.

FRED R. FORTMEYER, Secretary.

New York, Jan. 15, 1898.

Regular meeting of the Executive Committee of the National Association of Amateur Oarsmen, held at the Hotel Marlborough, President W. C. Jupp in the chair.

Present—Messrs. Pelton, Zappone, Garfield, Doyle, Preisendanz, Stimpson, Pilkington, Root and Fortmeyer.

President Jupp called the meeting to order at 8:30 P. M. The minutes of the previous meetings held in Philadelphia were read and approved.

In the absence of Julius D. Mahr, chairman of a committee of three appointed to investigate the charges brought against Secretary Fortmeyer by the Schuylkill Navy, Mr. Garfield, as subordinate member of the committee, submitted the following report:

The committee appointed by the President to investigate the charges made by the Schuylkill Navy affecting the integrity of the Secretary of the Association and the conduct of his office, beg to report that they have used their best endeavors to investigate the matter, and notwithstanding earnest efforts they have failed to find any evidence whatever reflecting upon the Secretary, nor have they been able to have these vague charges formulated. Your committee beg therefore to be discharged.

JULIUS D. MAHR, Chairman.
HENRY WHITING GARFIELD.
JAMES R. DOYLE.

Motion made and carried that the report be accepted, and the committee discharged.

Application of George W. Engle—Fairmount Boat Club, Philadelphia—for reinstatement as an amateur was then read, also affidavit ———.

Motion made and carried that the rules be suspended in Mr. Engle's case, as the gentleman is an amateur at heart.

Motion made and carried that Mr. Engle be qualified as an amateur oarsman.

Application from W. C. Braddock for the reinstatement of P. P. Connolly—Columbia Boat Club, Allegheny, Pa.—as an amateur.

Motion made that the usual course be taken and refer to a committee. After a little discussion the motion was

withdrawn in favor of a motion made and carried that the case be laid on the table for further investigation.

Resignations of the Triton and Institute Clubs of Newark and Vesper Club of Philadelphia were read, and, after considerable discussion, Messrs. Root, Pilkington and Garfield were appointed a committee to endeavor, if possible, to have the above-named clubs reconsider their resignations.

Mr. Pilkington then read a communication, as follows:

Whereas, The committee appointed by the President of this Association, after a faithful and thorough effort to investigate the charges brought against its Secretary, Mr. Fred R. Fortmeyer, impugning his integrity as an official, report their inability to discover any evidence whatsoever to sustain said charges; therefore,

Resolved, That the National Association of Amateur Oarsmen hereby declare the charges referred to wholly unworthy of credence and without foundation in fact.

Resolved, That the confidence hitherto reposed by this Association in the honor and integrity of its Secretary, Mr. Fred R. Fortmeyer, remains unshaken, and that he is fully entitled to the high respect and warm regard always entertained for him as an official of this Association and as a gentleman.

Motion made and carried that the resolutions be spread on the minutes, and that they be engrossed and sent to the Secretary with the signature of every member of the Executive Committee.

Secretary Fortmeyer then read the following bids for holding the regatta of 1898: Ariel Boat Club of Baltimore, cities of Albany, Boston, Detroit, Philadelphia, Saratoga Springs, and Passaic Boat Club of Newark, N. J.

After considerable discussion it was seen that the sense of the meeting was to hold the regatta at Philadelphia, and upon vote it was unanimously decided to hold it there on Friday and Saturday, July 22d and 23d.

Mr. Zappone called the attention of the Committee to the fact that we have received seven bids for the regatta for 1898, without doubt the greatest number ever received in any one year. In view of this fact, I move that the Secretary of this Association be directed to thank each and every club in extending an invitation and to express the regrets of this Committee that it was unable to accept any except that of the Philadelphia Clubs. Motion carried.

Dr. Root: "I desire to thank the Executive Committee for granting us the National Regatta in 1898."

The following were appointed members of the Regatta Committee: Mr. Garfield, Chairman; Messrs. Jupp, Pilkington, Preisendanz, Root, Doyle, Mahr, Zappone and Fortmeyer.

Motion made and carried that the Regatta Committee, if in their judgment they can secure sufficient entries, be authorized to give a special prize for college races, and although it may not be much this year, it may be the entering wedge for the colleges of the United States. That if in their judgment such a race is practical, and if they could secure sufficient encouragement from the different colleges in this country to have a college race, that they be authorized to give a college race with proper prizes.

Mr. Garfield then spoke of the petition to Congress for an appropriation to send athletes over to Paris in 1900, and it seemed to him that America should be represented in aquatics as well as athletics, and that the Association should have its share of the appropriation.

Motion made and carried that a committee be appointed to work in connection with the Amateur Athletic Union to endeavor to get Congress to appropriate some money in order to be able to send crews over there.

The following committee were appointed: Mr. Zappone, Chairman; Mr. Garfield, Mr. Fortmeyer.

The meeting then adjourned.

FRED R. FORTMEYER,
Secretary.

Constitution.

ARTICLE I.

This Association shall be called the NATIONAL ASSOCIATION OF AMATEUR OARSMEN OF THE UNITED STATES.

ARTICLE II.

The object of this Association shall be the advancement and improvement of rowing among amateurs.

ARTICLE III.

It shall consist of clubs which adopt the definition of an Amateur, viz.: to be "one who does not enter in an open competition; or for either a stake, public or admission money, or entrance fee; or compete with or against a professional for any prize; who has never taught, pursued, or assisted in the pursuit of athletic exercises as a means of livelihood; whose membership of any rowing or other athletic club was not brought about, or does not continue, because of any mutual agreement or understanding, expressed or implied, whereby his becoming or continuing a member of such club would be of any pecuniary benefit to him whatever, direct or indirect;* who has never been employed in any occupation involving any use of the oar or paddle; who rows for pleasure or recreation only, and during his leisure hours; who does not abandon or neglect his usual business or occupation for the purpose of training, and who shall otherwise conform to the rules and regulations of this Association (as adopted August 28, 1872, amended January 20, 1876, and July 18, 1888)."

Any club which shall issue or accept a challenge for the purpose of holding a professional race, shall be forever debarred from entering an individual or crew in the Regattas of the Association, and such club, if connected with the Association, shall be expelled.

*NOTE.—This clause is intended especially to prevent any so-called amateur oarsmen being surreptitiously compensated for rowing, as for instance, by being furnished lucrative employment in sinecure positions.

ARTICLE IV.

The management of this Association shall be entrusted to an Executive Committee, consisting of twelve members, who shall be elected for a term of three years—except that of the first committee elected ; four shall be chosen by lot to go out at the end of the first year, and four at the end of the second year, but to continue in office until their successors are elected, in order that four members of this committee shall be elected at each annual meeting of the Association. They shall, from among their number, elect a President, Vice-President, Secretary and Treasurer, who shall serve for a term of one year, and perform the duties as prescribed in the By-Laws, and generally such duties as pertain to their offices.

They shall have power at any regular meeting, by a two-thirds vote, to remove from office any member of the committee, who, by neglect of duty or by conduct tending to impair his usefulness as a member of such committee, shall be deemed to have forfeited his position ; but no member shall be removed unless there has been given him at least ten days' notice that charges have been preferred against him.

The Treasurer shall give bonds in the sum of $2,000 for the faithful performance of his duties.

ARTICLE V.

The Annual Meeting of the Association shall be held at the call of the Executive Committee, of which due notice shall be given. A special meeting may be called at the request of not less than one-third of the clubs comprising this Association, of which thirty days' notice shall be given by the Executive Committee.

SECTION 1. Each club whose dues are paid in full to date, and is otherwise in good standing, shall be entitled to one delegate to transact the business of the Association at any meeting thereof.

SEC. 2. Every club shall send to the Secretary of this Association a certificate of election or appointment of one delegate, and a first and second alternate, said certificate to be signed by the President and Secretary or other similar officers of the club.

In the event of an application for the decision of the Committee upon the status of an oarsman, it shall be the duty of the President to appoint a Committee to investigate the case, or if the application is presented at any meeting of the Executive Committee, the presiding officer may appoint such Committee. This Committee shall make a report to the Executive Committee at their next meeting, who shall thereupon take such action as they deem proper and just in the premises.

SEC. 2. Upon application from any club, a member of this Association, asking for a decision of the Committee upon the status of any individual, and giving sufficient grounds for such application, a Committee shall be appointed, and report as specified in Section 1, and the decision of the Executive Committee shall be transmitted to the inquiring club.

SEC. 3. The necessary expenses attending the investigation shall be borne by the applicant.

SEC. 4. Any member of the club to which any individual whose status is being investigated belongs, who shall be required so to do by the Committee having the matter in charge, shall furnish said Committee with his written declaration upon honor, that to the best of his knowledge and belief, the oarsman in question is eligible under the Association's definition of an amateur.

SEC. 5. The Executive Committee may at any meeting, by a vote of two-thirds of the Board, reinstate any disqualified amateur oarsman.

SEC. 6. The Executive Committee may, at any meeting, by a vote of two-thirds of the Board, suspend or disqualify any coxswain or oarsman who is proved guilty of intentionally committing a foul.

Decisions
OF THE
Executive Committee.

October 7, 1876.

In accordance with the resolution unanimously adopted at the Annual Meeting of the Association, held at Philadelphia, August 22, 1876, it is hereby resolved that the following be adopted as a rule of action to govern the Executive Committee in its investigation of cases coming thereunder:

When charges are brought against any individual affecting his status as an Amateur, and suspicious circumstances are shown, which, in the judgment of the Committee, render his real status a matter of reasonable doubt, such individual, inasmuch as the real facts are peculiarly within his own knowledge, and therefore by him susceptible of proof, shall be required to explain such suspicious circumstances and remove such reasonable doubt.

Resolved: That the Secretary be required to send a copy of said charges to such individual, with a notification of the time when his case will be considered.

January 13, 1877.

Any Oarsman who may have been disqualified as an Amateur, shall, so far as the investigations of this Committee are concerned, be regarded as a professional, and the competing with or against such oarsman for any prize shall be regarded as a violation of Article III. of the Constitution (the Amateur definition).

October 13, 1877.

The Committee being asked at what date the Amateur Law of the Association went into effect, August 29, 1872, or October 1, 1873, decided that the Law had been in force since August 29, 1872.

October 13, 1877.

In the event of any oarsman competing against a professional or disqualified oarsman, the Committee do not regard the making of a protest, or demanding a separate start, as affecting the penalty to which he is subject for such competition.

October 19, 1878.

The Association is limited in its membership to clubs located in the United States.

April 26, 1884.

A sculler becomes a senior under the rules by winning a scull race, whether that race be for single or double sculls.

April 26, 1884.

The new junior definitions are not retroactive.

October 14, 1893.

The Executive Committee ruled that where there was no rowing clubs within fifty miles of an oarsman's residence, that the fifty-mile limit did not apply.

May 12, 1894.

In the judgment of the Executive Committee, a disqualified oarsman is not necessarily a professional.

Laws
OF
Boat Racing

OF THE
NATIONAL ASSOCIATION
OF
AMATEUR OARSMEN.

ADOPTED AUGUST 8, 1872.
AMENDED APRIL, 1886.

STARTING.

1. All boat races shall be started in the following manner. The Starter, on being satisfied that the competitors are ready shall give the signal to start.

2. If the Starter considers the start false, he shall at once recall the boats to their stations; and any boat refusing to start again shall be disqualified.

3. Any boat not at its post at the time specified shall be liable to be disqualified by the Umpire.

4. The Umpire may act as Starter if he thinks fit; where he does not so act. the Starter shall be subject to the control of the Umpire.

5. Boats shall be started by their sterns, and shall have completed their course when the bows reach the finish.

WATER.

6. A boat's own water is its straight course, parallel with those of the other competing boats, from the station assigned to it at the start to the finish.

7. Each boat shall keep its own water throughout the race, and any boat departing from its own water will do so at its peril.

8. The Umpire shall be sole judge of a boat's own water and proper course during the race.

FOULS.

9. It shall be considered a foul, when, after the race has commenced, any competitor, by his oar, boat or person comes

in contact with the oar, boat or person of another competitor; unless, in the opinion of the Umpire, such contact is so slight as not to influence the race.

10. No fouling whatever shall be allowed; the boat committing a foul shall be disqualified.

11. The Umpire may, during a race, caution any competitor when in danger of committing a foul.

12. The Umpire shall decide all questions as to a foul.

13. A claim of foul must be made to the Umpire by the competitor himself, and if possible, before getting out of his boat.

14. In case of a foul, the Umpire shall have the power—(*a.*) To place the boats (except the boat committing the foul, which is disqualified), in the order in which they come in. (*b.*) To order the boats engaged in the race, other than the boat committing the foul, to row over again on the same or another day. (*c.*) To re-start the qualified boats from the place where the foul was committed.

ACCIDENTS

15. Every boat shall abide by its accidents, except when during a race, a boat while in its own water shall be interfered with by any outside boat, the Umpire may order the race to be rowed over, if in his opinion, such interference materially affected its chances of winning the race.

ASSISTANCE.

16. No boat shall be allowed to accompany a competitor for the purpose of directing his course or affording him other assistance. The boat receiving such direction or assistance shall be disqualified at the discretion of the Umpire.

UMPIRE.

17. The jurisdiction of the Umpire extends over the race and all matters connected with it from the time the race is specified to start until its final termination, and his decision in all cases shall be final and without appeal.

18. The Judge-at-the-Finish shall report to the Umpire the order in which the competing boats cross the line, but the

decision of the race shall rest with and be declared by the Umpire.

19. Any competitor refusing to abide by the decision, or to follow the directions of the Umpire, shall be disqualified.

20. The Umpire, if he thinks proper, may reserve his decision, provided that in every case such decision be given on the day of the race.

21. Contestants rowing a dead heat shall compete again after such interval as may be appointed, and the contestant refusing to so row shall be adjudged to have lost the race.

TURNING RACES.

22. In turning races each competitor shall have a separate turning stake, and shall turn from port to starboard. Any competitor may turn any stake other than his own, but does so at his peril.

No club shall be allowed to enter any person who has not been a member thereof for at least three months preceding the Regatta, or who has been entered in any race from any other club during that time, *or whose residence during that period is more than fifty miles from the club he represents; except where there is no rowing club within fifty miles of an oarsman's residence, the fifty-mile limit does not apply;* nor shall any entry be received from a club which shall include in its list of members any professional oarsman or athlete.

3. The Regatta Committee shall appoint as Secretary any person it may deem proper.

Any club intending to compete for any of the prizes must give due notice to the Secretary of the Regatta Committee on or before the day appointed for closing the entries. Entries shall close two weeks before the date of the Regatta.

5. No assumed names shall be given to the Secretary.

8. Objections to any entry shall be made in writing to the Secretary of the Regatta Committee, within seven days from the declaration of the entries, when the said Committee shall investigate the grounds of objection, if any, and decide thereon forthwith.

9. The races at each regatta shall consist of—

Single-scull Shells, Intermediate.
Single-scull Shells, Senior.
Pair-oared Shells, Senior.
Double-scull Shells, Intermediate.
Double-scull Shells, Senior.

10. All races, with the exception of the eight-oared races and international four-oared shell shall be one mile and a half, *with one turn*. The eight-oared and international four-oared shell race shall be one mile and a half, straightaway.

11. A meeting of the Regatta Committee shall be held immediately preceding the Regatta, at which the representatives of each crew or club entered shall deliver to the Secretary of the Regatta Committee a list containing the names of the actual crew appointed to contend in the ensuing races, to which list the names of two other members may be added, either of

whom may be substituted for any one of the crew in the event of illness or accident, subject to Rule 12.

12. No member of a club shall be allowed to be substituted for another, who has already rowed in a heat; nor shall any member of a club be allowed to row with more than one crew, for the same prize.

13. In the event of a dead heat taking place, the same crews shall contend again after such interval as the Regatta Committee may appoint; any crew refusing shall be adjudged to have lost the heat.

14. In each class two or more entries shall be required to ensure a race, and should withdrawals, after the entries are closed, reduce the number to one boat, the crew thereof must row over the course to be entitled to the prize.

15. Heats and stations shall be drawn for by the Regatta Committee in the presence of such competitors, or their representatives, as may attend, after due notice has been given of a meeting of the Committee for that purpose.

16. The Regatta Committee shall choose an Umpire, more than one Judge at the turn, and more than one Judge at the finish.

17. The laws of boat racing adopted by this Association shall be observed at this Regatta, and its definition of an amateur oarsman shall govern the qualifications of each competitor.

18. Entries for races shall be governed by the following definitions, adopted at the meeting of the Executive Committee held January 12, 1895:

JUNIORS.

A Junior Sculler is one who has never won a scull race.

A Junior Oarsman is one who has never been a winning oarsman in a race.

INTERMEDIATES.

An Intermediate Sculler is one who has never won an Intermediate or Senior-scull race.

An Intermediate Oarsman is one who has never been a winning oarsman in an Intermediate or Senior race.

COXSWAIN.

A Coxswain shall weigh not less than one hundred and five pounds, but shall not be otherwise classified.

Competitions with members of his own club, or races open to no more than two clubs, shall not affect the classification of any sculler or oarsman.

19. The prizes shall be delivered at the conclusion of the Regatta to their respective winners, who, in case of a challenge prize, shall furnish such bonds for the same as may be required by the Trustees.

20. Any participant in the races shall have the right at any time previous to the awarding of the prizes to object to any club or person participating in or being declared the winner of any race where it may appear to the person making the objection that such club or person has not entered such contest with the intention of participating therein in an honest manner, and making all reasonable efforts to be successful. The evidence shall be presented to the Regatta Committee, who, after hearing the accused, shall, by a majority vote, decide the objection. They shall have power to order the race rowed over or to confer the prize on whomsoever, in their judgment, is entitled to it.

21. All questions of eligibility, qualification, or interpretation of the rules shall be referred to the Regatta Committee, and its decision shall be final.

22. The Regatta Committee shall have power to reject any entry.

23. It shall rest with the Regatta Committee whether more than the winner of a trial heat should row in the final heat; except when in any trial heat of a Regatta a foul occurs, under such conditions and with such results that the laws of boat racing, the exigencies of time and the circumstances of the Regatta do not afford full justice to any contestant, the Umpire may permit such aggrieved competitor to start in a subsequent or in the final heat, as in the judgment of the Regatta Committee is most convenient.

ESSIG'S SWIMMING JACKETS AND COLLARS

The large jacket will float any size person.

The covering for these jackets and collars is a close woven canvas. The stuffing is the best quality of ground cork. After the jacket and collars are properly stuffed they are put through a process of water-proofing. They will not soak up water, as an ordinary life preserver, but will always remain buoyant. An invaluable device for learning to swim.
